

Kentucky Pilots Association

Meeting Minutes October 10, 2019

President Randy White called the regularly scheduled meeting to order at 7:09 PM.

Randy opened the meeting with discussion about the upcoming AOPA fly in at the airport in Tullahoma Tenn.

Monthly meeting between local High Schools and student program is proceeding to discuss funding for Aviation Projects. It seems the schools are not staying up with present needs. Some discussion followed. Cory Johnson reported on a need for local pilots to make themselves available to assist Instructor Bill Harmon with the students in the Project. A local High School offered media equipment to Bluegrass Aerospace Experience to film the progress of the plane's assembly.

Membership dues renewals are now due. Most are automatic through Pay Pall. The minutes were read from the previous month's meeting. No corrections were identified.

Money for Sunflower Grants, are now held at local schools. At present we are waiting on IRS to approve.

The Boy Scout Explorer program is presently not being attended well and it was discussed that local High Schools should assist in focusing interest into the program.

Jeff Smith reported that Red Bird would consider providing a MX2 flight simulator to help train tail wheel pilots. Jeff would continue to pursue this project, and update the group.

Safety Seminar: Randy showed a video from the Flight Chops Series. The video dealt with departure stalls and recoveries and minimal maneuvering speeds. Discussion about the video followed.

Jeff Smith invited everyone to Miles Field for the upcoming weekend fly in.

Meeting adjourned at 8:08 PM.
